Lomond is enjoying the benefits of a Chinese restaurant war. York Twoy, the new invader, started the fun by a general renovation, brightening and cleaning up of the premises and making a box of kalamansi.

Ar all draws them back. "Dad Cox who spent the winter in B. C., is back on his ranch. Vern Davies, who had been in the Pacific Coast cities since last fall, returned to Lomond this week.

Last week's wind storm blew down Frank Newton's machine shed.

The regular meeting of the U. F. W. A. was held at Mrs. E. Benson's on Thursday, May 3rd, twelve members and one visitor being present. After the business of the society was concluded a short program was given consisting of the following.

Solo, Mrs. D. Munro.
Recitation, Mrs. W. A. Newton.
Solo, Mrs. H. Burne.
Reading, Mrs. F. Newton.
Duet, Mrs. LaFontaine and Mrs. Burne.
Solo, Mrs. Paton.

The next meeting will be held June 7th, at Mrs. D. Munro's.

Helen Teskey is afflicted with an attack of measles.

Mr. and Mrs. F. M. Anderson and family of Vulcan spent Sunday with Mr. and Mrs. R. L. King.

H. E. Elves is away to Calgary on a business jaunt.

Mothers' Day services in the Lomond Church are arranged to commence promptly at seven o'clock. Invitations have been sent to everyone locally to participate in the services.

Sunny weather, and weekly showers are bringing the crops along rapidly, as well as the Russian thistles and mustard. Everyone is looking forward to the inevitable big rains.

Robt. Plunkett has gone to Kimberley, B. C., where Lyle is working on one of the various mining propositions.

The visit of Rev. T. Powell of Calgary to the Lomond circuit proved a source of inspiration and pleasure to those who availed themselves of the opportunity. Musical numbers supplemented the order of service. The lecture given at Lomond on Monday and at Travers on Tuesday proved very entertaining and instructive and a good attendance was present in both cases.

The outcome of the burning of W. J. Asselstine's car and garage was that two Graham lads of that district were apprehended and tried before Joseph Rodgers, J. P. Both being juveniles the case came under the children's protective regulations, and Inspector Munro of the Neglected Children's Dept., Calgary, was present at the hearing. The boys admitted their guilt, explaining that they were in the act of stealing gasoline by the aid of a lighted match when the inflammable material became ignited. The youngest boy was

allowed off with two years' suspended sentence, the oldest boy being turned over to the Superintendent of Neglected Children with a view to placing him in the Portage la Prairie reformatory for an indefinite period.

The annual business meeting of the Lomond Ladies' Aid took place at the home of Mrs. Forster on Wednesday afternoon last. The following officers were elected for the 1923 year:

President, Mrs. Forster.
Vice-President, Mrs. Clements.
Entertainment, Mrs. Temple.
Management Committee, Mrs. Adams, Mrs. Hanna, Mrs. Visse, Mrs. Clemens, Mrs. Erskine.
The next regular meeting will take place on Wednesday afternoon, June 6th, at the home of Mrs. R. L. King. The ladies will assemble at the home of Mrs. Clements at 2 p. m., from which place conveyance will be provided for all those who attend.

"Duke" Armstrong passed through Lomond this week on a run out from Spring Coulee. "Duke" looked as though he had found good feeding grounds.

Frank Vickers, L. H. Phillips and Rev. F. Forster are the 1923 pioneer fishermen to Lake Newell. They managed to bring home fifteen very nice specimens. There appears to be plenty of fish in the lake, but the water is low and the fish are reluctant about being lured to the shore.

W. B. Manning has fitted up his shop with a share forge and power blower to facilitate plow share work. You just toss your plow shares and your loose change in the front door and then go around to the back door and pick up the sharpened share.

If you have advanced ideas on any subject do not expect popular applause. The people seldom approve the pioneer. You must get your joy not from the cheers of the populace but from self-expression. If your ideas are really worth while and you have confidence in their value to the world, the approval of the multitude will be a matter of supreme indifference to you.—The Treasure Chest.

Jasper Park Lodge, the hostelry which the Canadian National Railways has created in an Alpine setting in the heart of Jasper National Park, will be open for the reception of guests this season June 1st to September 30th. Many reservations have been made at this early date, among which are the Alberta and British Columbia Press Associations, which will hold their 1923 joint convention at the Lodge June 7th, 8th and 9th.

Last year the Canadian National Railways inaugurated a series of Lodges three miles from Jasper Station, which proved so popular to visitors to Jasper National Park that increased accommodation for 1923 became imperative. The enlarged capacity provides for 250 guests and includes a Main Lodge, containing a large lounge, dining-room and ball room, billiard room, barber shop, shower baths, ten bedrooms, all connected with private bath, and all modern conveniences. A wide verandah encircles the lounge encircles the lounge and dining-room, commanding a panoramic view of Lac Beauvert and its magnificent Alpine

surroundings; eighteen four-room lodges, containing two rooms with two rooms with two single beds each, two rooms with double bed each, sitting room and bath room; three two-suite lodges, each suite comprising bed-sitting room, dressing room, bath room and sleeping porch; two twelve-room buildings containing twelve single rooms with one single bed each, bath rooms and toilet accommodation. All the lodges are of log construction with verandahs, rustic and harmonious, fittingly furnished and electric lighted and steam heated, each bedroom being supplied with running hot and cold water.

(Just think, dear subscribers, all this is to tempt the editor to attend the Press Association convention, with the railway transportation to the coast and back thrown in. Now, if it should rain you'll pay up your subscription, won't you? We will have to eat while we are away.)

WHEAT CENTRE.—A. N. Johnson who has been working at the Otis-Staples farm at Vauxhall for some time has gone to Minneapolis to get fitted with a new artificial leg. While there he is taking a short course in electrical engineering. He finds it a bit lonely and comparatively easy to get lost in that city of 400,000 inhabitants. Going down he went by way of Shelby and the Montana oil fields and warns any who intend going there that there are now four hundred there for every available job and conditions are pretty raw.

Wheat seeding is generally completed around Wheat Centre, a generous acreage and work done well, so we trust to the weather man to make it grow.

BADGER LAKE.—The marriage took place at Vulcan on April 26th of Miss Alma Durand, daughter of Mr. and Mrs. A. Durand, to Ray Dalton. Mr. and Mrs. Dalton will reside on a farm near Vauxhall.

Tom Mullen has gone to near Retlaw with his outfit of horses to work on the irrigation ditches.

LOCALETS

As readers will readily notice by the C.P.R. ad., the Lomond train schedule takes the usual summer change on Sunday, May 20th. Love sick maidens will get their letters forty minutes earlier on mail nights and the postmaster will be able to sleep in half an hour longer train mornings.

Since the last issue the Lomond district has received three generous rain showers, but at that, not sufficient at any one time for the 1923 moisture to go down and meet the 1922 moisture coming up. Intermingled with these storms were two nights of killing frost that crimped the new wheat pretty well to the ground. The Lethbridge district got a heavy rain on Sunday.

Rev. and Mrs. Forster were in Lethbridge on Tuesday attending the Church District Meeting.

Rev. F. Forster is conducting special services at Rolling Green on Sunday, May 20th., and it is expected that Mr. McComb will take the Lomond circuit.

The Mothers' Day services at Lomond drew a heavy public appreciation of the sentiment involved. The church was decorated with a veritable bank of beautiful houseplants. The exercises were largely taken in hand by the Sunday School, the pastor including a very appropriate address. The public offering taken amounted to more than eleven dollars.

Mrs. Geo. Hodgins has been dangerously ill, suffering from an attack of plural pneumonia. She was taken ill at the farm of George Hanlin, Reid Hill, where she was engaged as housekeeper. Last reports give her condition as slightly improved.

Alex. Palmer was taken to the Bassano hospital via Brooks from Bow Slope this week, suffering from a severe

ere attack of pneumonia.

Miss Evelyn Britain of Ardley, Alta., formerly teacher of the Green Prairie School north-east of Lomond, and Just Moss, were this week united in the holy bonds of matrimony. The Press and their numerous friends will extend to them the honors of the day.

Primrose Rebekah Lodge No. 61 will serve tea and cake at the home of Mrs. H. Erskine on Saturday, May 26th, from 3 to 6 p.m. Silver collection.
